

Headshots

Nothing is more important than a first impression. A potential client's decision to do business with you will often be based in large part on the sense of your competence, professionalism and demeanor created by your photographer.

Our corporate headshots are subtly crafted based on the individual needs of your business.

We encourage you to compare David's headshots side by side with any other photographers you are considering and ask yourself who you would most like to do business with based on the photography.

Option 1 - £99 Best for 1 or two people

A 30 minute session in our portrait studio using 2 backdrops. The best 20 photos will be tidied up and converted into a high resolution digital file suitable for printing and also converted into a smaller low resolution file suitable for using on company websites and networking sites.

You will be given a password and a gallery set up on our website that only you can access (or whoever you give the password to) The images will be available to be downloaded from your gallery within 3 days of the shoot.

Option 2 - £140 Best for up to 5 people

As option 1 but with a longer session, 3 backdrops and 40 final pictures

Option 3 - £200 Best for larger companies

We come to you and take the photos in your own working environment. We will take pictures of up to 20 staff members and 4 pictures of each member will be put onto the website for download in both high and low resolution.

If you have any other requirements we will do our best to fulfil them please contact us for a tailor made quote. We can also supply prints, either mounted or unmounted, at gallery quality up to 30 inches as well as digital copies on USB sticks if required.
